

just one drop

How you can help

Each drop helps to fill the bucket to support farmers and communities in need.

Producers can contribute to the *Just one drop* humanitarian fund through this simple process:

- Donate a portion of your delivery of any products at a GWK facility
- Choose whether your help should go to farmers in need or the general public
- Indicate the delivery number on your delivery note
- If you donate a portion of your delivery it must be split into two delivery notes
- The value of your delivery is converted to a cash amount based on the current market price of the product upon delivery
- The financial value of the product donations are used to supply food products through the GWK Retail branch network.

Delivery numbers for Trading and Auctions

Just one drop (Agriculture) – 7254900

Just one drop (General public) – 7255000

Sub accounts are applicable for livestock which GWK Auctions will supply on auction day. Please note that livestock donations can only be made at a GWK auction and apply to completed transactions.

For inquiries about deliveries, contact your GWK facilities manager or representative. Also visit our website www.gwk.co.za or send an email to druppel@gwk.co.za.

Watch our Facebook page for more on the project in the coming months!
